

Cover Letter for Summer Internship 2023

Dear Hiring Manager,

I am excited to apply for the Summer Internship 2023 position at EY. With my experience in Full-stack development and technical skills in various programming languages and frameworks, I believe I would be a valuable addition to your team. During my internship at ITC Infotech Pvt. Ltd, I Designed a CRM web application using PHP framework Laravel and MySQL as RDBMS. This experience enabled me to gain hands-on experience in web development and database management. Additionally, I honed my skills in software development methodologies and project management tools, which I believe would be beneficial in working in a team-oriented environment like EY.

My technical skills include proficiency in various programming languages such as PHP, C, C++, HTML, CSS, JavaScript, JAVA, Python, and C#, and frameworks such as Laravel, NodeJs, ExpressJs, AngularJS, and Django. I also have experience with various other tools and technologies such as GIT, Github, Unix, Linux, DBMS (MySQL, MongoDB), Unity, and Competitive coding (LeetCode & CodeChef).

Currently, I am pursuing a Bachelor's degree in Electronics and Communication Engineering at Meghnad Saha Institute of Technology, MAKAUT. This program has provided me with a strong foundation in engineering principles and problem-solving skills, which I believe would be useful in working on challenging projects at EY.

I am excited about the opportunity to work with experienced professionals and contribute to innovative projects at EY. Thank you for considering my application.

I look forward to hearing from you soon.

Sincerely,

Rohit Chaudhury.
